

TWO QUESTIONS

For Harry Teague, Democratic candidate for the 2nd Congressional District

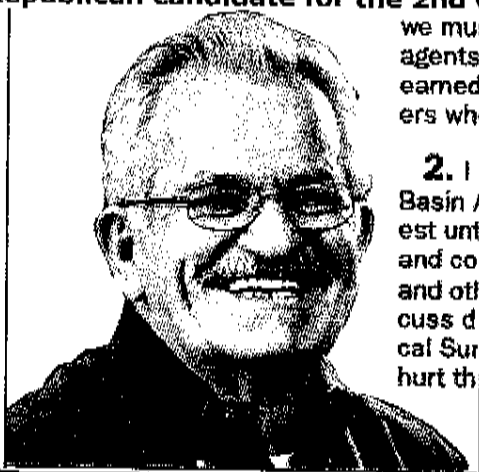

1. What should Congress do to deal with the millions of illegal immigrants currently living and working in the United States?

2. Do you support or oppose oil and gas drilling on southern New Mexico's Otero Mesa, and why?

1. We need to make it easier to get into the country legally and harder to get in illegally. First, we must secure the border with more border agents and technology. But we also need an earned path to citizenship for undocumented workers who pay back taxes and play by the rules.

2. I oppose drilling in Otero Mesa. The Salt Basin Aquifer beneath Otero Mesa may be the largest untapped fresh water supply in New Mexico and could provide much-needed water to farmers and other New Mexicans. We should not even discuss drilling in Otero Mesa until the U.S. Geological Survey demonstrates that oil drilling will not hurt the water supply. **Tuesday: Ed Tinsley,**

Republican candidate for the 2nd Congressional District
